

JEN CHAPMAN
creative

Package Design

Work with a designer that RESPONDS in a timely manner and doesn't treat you like a number.

The prices below reflect general pricing. Most clients fall into one of these categories, however on some occasions this may be adjusted based upon your specific request or need.

Package Design & Development

- 2 initial concepts to be presented, showing the front of the package only
- Client to provide dieline if there is one existing
- If no structure currently exists, or if structure is changing, Jen Chapman Creative will suggest options for packaging and then work with a structural designer to ensure the structural integrity of the package and correct working dielines
- All final print and working files are provided

\$550
